Location: Stuttgart, Germany

ABOUT ME

I am an Electrical Engineering student from India, now doing my Master's in Stuttgart after a B.Tech. in Chennai. I like understanding how technical systems work and explaining them in simple words: I have taught electronics to beginners in volunteer workshops, and I built and deployed a machine-learning web app with three classmates. I work in a structured way, document what I do, and ask when something is unclear. I am improving my German (A2, preparing for B1) and looking for a working student role in IT support from December 2026.

EDUCATION

10/2025 – 09/2027 (expected)
M.Sc. Electrical Engineering, University of Stuttgart
Specialisation Electrical Power Systems

08/2021 – 05/2025
B.Tech. Electronics and Computer Engineering, SRM Institute of Science and Technology, Chennai
A or better in IT Infrastructure Management, Cryptography and Network Security, Embedded Hardware and Operating Systems, Hardware Interfacing and Networking, Database Management Systems.

RESULTS

11/2024
Duplicate Question Detection, team of 4
- Reached 88.3% accuracy (SVM) and 80.02% (Random Forest), above the 75–81% of the published approaches we reviewed.
- Deployed the model as a web application on Heroku, from data preparation to a working service.

11/2025 – 03/2026
Battery Cell Modeling, University of Stuttgart
- Quantified cell-to-cell variance from electrical, thermal, aging and manufacturing tolerances with statistical parameter sampling, and debugged the simulation model.

12/2024 – 01/2025
64-bit RoBA Multiplier with MAC Unit, final-year project (A+)
- Designed in Verilog and synthesised in Xilinx ISE with a critical path of 0.575 ns.

Volunteering
STEM workshops for underprivileged students
- Taught electronics and coding hands-on to beginners without a technical background.

SKILLS

Digital workplace: Microsoft 365 (Outlook, Teams, SharePoint, OneDrive) at a basic level; learning Admin Center, Entra ID basics and Power Automate

IT foundations: operating systems, networking and network security, databases (SQL), Python, technical documentation

LANGUAGES

English: C1 (IELTS Academic 7.5, October 2024) **German:** A2, preparing for telc B1
